Annual Report of the Managing Committee of the Patna Museum for the year ending 31st March 1933.

1. Managing Committee.—In the course of the year under report there were various changes in the Managing Committee of the Patna Museum. The Hon'ble Rai Bahadur Badha Krishna Jalan resigned his membership on the 9th February 1933 according to the rules framed under resolution no. 637-E., dated the 3rd February 1933, of the Education and Development Department. He was re-elected in a meeting of the Managing Committee held on the 4th March 1933 for a term of three years. Similarly Rai Bahadur Sarat Chandra Roy, M.A., B.L., tendered his resignation on the 13th February 1933. He was re-elected in the above meeting for a further period of three years. By Government notification no. 1158-E., dated the 11th March 1933, they have both been re-appointed members of the Managing Committee, with effect from the 23rd February 1933.

In the vacancy caused by the resignation of the Hon'ble Mr. D. Weston, Member, Board of Revenue, some years back, the Hon'ble Mr. Justice Fazl Ali has been appointed by Government notification no. 1387-E., dated the 29th March 1933, to be a member of the Managing Committee for a term of three years.

The Committee met once during the year under report and disposed of all current business of the Museum.

2. Staff.—(a) Babu Adhar Chandra Ghosh, B.Sc., Chemical Assistant, was absent on leave on average pay for one month and fourteen days from the 1st April 1932 to the 14th May 1932.

(b) Babu Shyamapada Misra, Modeller, was absent on leave on average pay for three months and four days from the 9th January 1933 to the 12th April 1933 of which 12 days fall in the current financial year (i.e., 1st to 12th April 1933).

(c) Babu Rama Bhushan Ghosh, head clerk, was absent on leave on average pay for three days from the 11th March 1933 to the 13th March 1933.

(d) Promode Kumar Rai Chaudhury, Photographer, was absent on leave on average pay for one month from the 5th May to the 4th June 1932 and leave on average pay on medical certificate for one month from the 5th June 1932 to the 4th July 1932 and again, leave on average pay for eight days from the 11th January to the 18th January 1933.

(e) Shyam Sunder Sahay, Marksman clerk, was absent on leave on average pay for one day on the 12th September 1932 and nine days from the 18th January 1933 to the 26th January 1933.

(f) Kamakhya Prasad, Marksman Daftari, was absent on leave on average pay for two months and five days from the 20th May 1932 to the 24th July 1932 and again on leave on average pay on medical certificate for two months and fifteen days from the 2nd September to the 16th November 1932.

3. Garden.—There have been improvements in the garden. A large number of flowering trees and shrubs have been planted to improve the grounds. A turnstile is going to be built to allow police-constables and office peons to go out and enter the Museum without the main gates being kept open. This will prevent cattle from entering the compound at night and causing damage to the garden.

4. Working of the Museum.—All the coins in the Coin Cabinet have been arranged in their chronological order.

Owing to the addition of Tibetan paintings and Tibetan antiquities, the whole of the Art Section has been re-arranged.

Treasure Trove Coins pending for disposal (of Khorseta and Mohalia hoards) have been disposed of by giving duplicates to different Museums.

5. Visitors.—The turnstile in the Entrance Hall from the 1st April 1932 to the 31st March 1933, recorded 1,29,607 visitors as against 1,17,110 visitors of the last year.

The Museum has attracted distinguished visitors. Delegates to the Science Congress held at Patna, visited the Museum on the 3rd January 1933. Dr. Pran Nath, of the Benares Hindu University, visited the Museum on the 15th January 1933. Signor G. Scarpa, Consul-General for Italy, visited the Museum on the 21st February 1933. Dr. Hirananda Sastri, Epigraphist to the Government of India, visited the Museum on the 30th March 1933.

The Health Museum organised by the Red Cross Society has now been allotted a separate room in the verandah to the north of the Geological Hall on the ground floor and will be shifted from the Committee room to the new room at an early date. By a resolution of the Managing Committee held on the 4th May 1933, this accommodation of the Health Museum has been considered to be a temporary one to be provided until the office-bearers of the Health Museum can have a separate building of their own somewhere else.

6. Research work.—The Curator is now engaged in writing a memoir on the excavation at Bulandibagh. The study of the terracotta figures and the punchmarked coins in the Museum will have to be taken up. The Museum has got a very good collection of terracotta figurines from Pataliputra, Buxar, Basarb, Belwa and Mathura. Of punchmarked coins there are five Treasure Trove hoards of silver coins. A thorough study of these is expected to solve many important problems connected with the coinage of Ancient India.

7. Acquisition.—During the year under report a number of valuable additions were made to the various sections of the Museum. The nature and number of the specimens received under each head are given below :—

Archaeological	680
Estampages of inscriptions	11
Numismatic	159
Photographic Negatives	51
Ethnological	2
Art	153
Miscellaneous	112
Natural History	1
Total				1,169

Of the above specimens 593 were presented, 507 were purchased, 69 were acquired or obtained otherwise by the Managing Committee. The detailed list of additions for the year ending 31st March 1933 is given in Appendices C to K. Some of the important acquisitions are noted below :—

1. Archaeology.—(a) The Museum has acquired by purchase 393 terracotta figurines from Mathura. There are male and female, human as well as animal figurines. Some of the male and female figurines are very primitive and show striking similarity to the terracotta figurines of the Indus Valley Civilisation. In some of the female figurines noses are made by pinching the clay at that region and eyes, which are diamond-shaped, are incised. There are also male figurines with peculiar, evidently non-Indian head-dress. According to Dr. Ananda K. Coomarswamy, Boston, United States of America, "the various archaic terracottas carry back the history of sculpture in India, perhaps for two or three millenniums, beyond the time of the earliest figures in stone; and these, it may be remarked, are free standing figures, like the early terracottas". Dr. Coomarswamy has reproduced some of our terracottas.

(b) Mr. P. C. Chaudhury, I.C.S., who was Subdivisional Officer, Bihar, district Patna, made excavations at Gherakatora, Rajgir, district Patna. He found there some seals (200 B.C. to 500 A.D.) and he collected some sculptures also, one of which has a long inscription of the Pala Period, and has artistic value. He has kindly presented to the Museum all the antiquities dug out and otherwise collected by him. They have all been housed and exhibited in the Museum. Two neolithic celts, and one decorated earthen ring of a well are interesting amongst his finds.

The Museum Committee are grateful to Mr. P. C. Chaudhury for his gifts and interest.

(c) Two inscribed bricks from Bhumara, Nagod State, were presented by the President, Managing Committee, Patna Museum. The Committee is grateful to him for the gift of these interesting bricks. They bear incised writing of the third Century A.D.

(d) A Caryatid Apsara figure in stone from the same place has been purchased.

(e) From Gridhrakuta and Giribraja hills at Rajgir, district Patna, one inscribed Chinese brick and several ancient bricks have been obtained. The inscribed Chinese brick has been presented by Rev. Kaundinya, of the Burmese Buddhist Society, through Mr. P. C. Chaudhury. The other bricks were collected by Babu Adhar Chandra Ghosh, Chemical Assistant, Patna Museum.

(f) Mr. P. C. Chaudhury found and presented to the Museum an inscribed fragment of a Buddha image found in one of the Gridhrakuta caves. It belongs to the 11th Century A.D.

(g) A Hara-Gauri stone figure from Kastaharini Ghat, Monghyr Fort, which was acquired by the Government of Bihar and Orissa, has artistic value.

(h) The lower portion of a seated Buddha figure in stone with an inscription in mediæval characters recording the name of the donor, was found in village Maheskhunt, district Monghyr. It was presented by Babu Sahadeo Prasad Singh, who was kind enough to send the statue to the Museum at his own cost. The Committee is thankful to him for the kind gift.

(i) *Kurkihar finds*.—During the year under report 142 bronze images and fragments have been cleaned. Of these cleaned images 67 are inscribed. They contain names of Rājyapāla and Devapāla, kings of the Pala Dynasty, in whose reigns they were cast. Some of the images are very beautiful. Owing to want of distilled water apparatus the whole lot could not be cleaned during the year under report. Administrative sanction for the purchase of a necessary electric distiller has been received and it is expected that the whole hoard of Kurkihar images will be scientifically cleaned during the next financial year. The Chemical Assistant is analysing the metal of some typical images and fragments. As soon as the analysis is complete each and every image will be weighed and their value appraised for acquisition. It is expected that the whole Kurkihar hoard will be acquired under the Treasure Trove Act during the next financial year.

II. Plaster of Paris Casts.—The modeller had brought in a former year from the Varendra Research Society's Museum, Rajshahi, Bengal, a mould of the Gangā statue which is in that Museum. He was engaged during the year under report in preparing a cast of the Gangā image. He is expected to finish the Gangā statue during the next financial year.

III. Art.—(A) Pictures :—

We have acquired by purchase the following paintings :—

- (a) A painting depicting the killing of the demon-cow by Krishna, Balarāma and others. Rajput school; 18th Century A.D.
- (b) A painting shewing a lady worshipping Siva. Rajput school; 17th Century A.D.
- (c) A portrait of a lady smoking *hukkā*. Moghul painting; 18th Century A.D.

- (d) Three Rajput paintings depicting lovers with Hindi verses. Rajput painting; 18th Century A.D.
- (e) A Lady worshipping Siva. Rajput painting; 18th Century A.D.
- (f) A bust of a lady painted by the artist Ram Prasad—the last representative of the court painters of the Moghul school.
- (g) A portrait of King Satranjit of Datia State, Central India. Bundela school; 18th Century A.D.
- (h) A lady and a hero. Kangra school; 17th Century A.D.
- (i) A Chinese painting showing a man with staff and basket.
- (j) Another Chinese painting showing rope making.
- (k) A painting on ivory of a Muhammadan lady. Delhi school; 19th Century A.D.
- (l) A portrait of Mirza Ghayas, father of Nurjahan. Delhi school; 19th Century A.D.
- (m) A portrait of Jodha Bai, Delhi school; 19th Century A.D.
- (B) The following Art objects were acquired by purchase:—
 - (a) Four bronze *bālās* of Śaiva cult.
 - (b) One bronze dish with incised floral decoration.

(C) Tibetan paintings—

Tripitakāchāryya Mahāpandita Rahula Sankrityāyana, who visited Tibet, brought with him numerous Tibetan paintings, Tibetan cult objects, coins, Tibetan manuscripts of Tanjur and Kanjur, etc. He has offered them to the Patna Museum on the condition that if he is able to build within 20 years a private Museum at Nalanda, they will be kept there. If the Nalanda Museum is not built within 20 years the objects will be regarded as absolute gifts to the Patna Museum. The Committee accepted this offer. The Tibetan paintings, cult objects and coins have been exhibited in the Museum. The paintings cover dates from 1550 A.D. to the 19th Century.

Owing to the want of space only selected Tibetan paintings and cult objects have been exhibited in the Art gallery. A short note on the painting will be given here. Tibetan cult objects will be dealt with under the heading Miscellaneous. Coins have been kept in the Coin room and will be described under the heading Numismatics and in the report of the Coin Cabinet.

The Bihar and Orissa Research Society has decided to pay the expenses incurred by the Patna Museum in bringing the above books and manuscripts from Ceylon to Patna Museum and to take over the Rahula Library. They will be made over to the Bihar and Orissa Research Society during the next financial year.

134 Tibetan paintings were received from Tripitakāchāryya Rev. Rahula Sankrityāyana. Of these, 40 paintings were sent by him from Germany and 94 paintings from Ceylon.

Out of 134 paintings, 11 paintings are without any border, and 24 paintings are block-printed on cloth, all others are originals in water colours.

These paintings, now exhibited in the Museum, portray Indian art of painting as introduced in Tibet from India in the 9th Century A.D. and practised since then. They belong to the same family or art as that of Ajanta. The artists in Tibet have a direct connection with the monk master painters of Nalanda and Vikramśīla. The Patna Museum collection of Tibetan paintings is the richest outside Tibet. There are some 40 paintings of outstanding merit, 34 paintings out of which have been exhibited. In the above lot, there are twelve inscribed paintings belonging to the 17th Century A.D. They were acquired by our Indian monk from the famous monastery of Tashilumpo in Tibet. There is another set of nine paintings with portraits of eight Indian Buddhist philosophers with Buddha

in the centre. They belong to the 17th Century A.D. and were acquired from the above monastery. There is a third lot of 13 paintings of historical personages in Tibet. They belong to the first half of the 18th Century A.D. and were acquired from an 'incarnate' Lāmā of Lhasa. The 34 Tibetan paintings exhibited, have the following subjects:—

- (1) A portrait of Arabat Subhuti.
- (2) A portrait of Bhavya, an Indian Philosopher and commentator of 5th Century A.D.
- (3) A portrait of Nagendra, an Indian teacher of Vinaya.
- (4) A portrait of Ding-Nāga, the great Buddhist logician of 5th Century A.D.
- (5) A portrait of Nāgārjuna, the founder of the Buddhist Madhyamika philosophy and the great propounder of Mahāyāna of 1st Century A.D.
- (6) A portrait of Asaṅga (4th Century A.D.), who was the founder of the Buddhist Idealistic philosophy.
- (7) A portrait of Vasubandhu, brother of Asaṅga (4th Century A.D.), who was a great Buddhist philosopher and author of *Abhidharma-kosha*.
- (8) A portrait of Dharmakīrti (7th Century A.D.) of Nālandā, a great Indian logician and author of the *Pramāṇa vārtika*.
- (9) Portraits of seven Dalai Lamas.

The above 34 paintings are of exceptional beauty. They are remarkable for their colouring and fine treatment of details of painting.

IV. Numismatics.—One hundred and fifty-nine coins were added to the Coin Cabinet of which one coin is of gold, 70 coins are of silver, 10 are of billon and 78 are of copper. Of these, 21 coins were presented by the Government of Bihar and Orissa, 28 coins were presented by Governments of other provinces and 91 coins were presented by private persons and 19 coins were purchased.

Of the coins received from other Governments the most important are the coins of Bhoja Deva of Kanauj and Srinagar Rupees which were presented by the Government of the United Provinces.

From the Government of Bihar and Orissa were received 4 copper coins of "Puri Kushan" kings and 16 silver coins of Vīgrahapāla of different types. One copper coin of Śrī Raghava was presented by the President, Managing Committee, Patna Museum. Some 91 coins were presented as a conditional gift by Tripitakācāryya Rev. Rāhula Sankrityāyana. They are mainly Nepalese and Tibetan coins and some coins from Kanauj. The coins purchased include silver coins of Aurangzeb, Muhammad Shah and Farrukshiyar. A detailed report of the coins added is given in Appendix A which describes important coins in detail.

8. Modelling work.—Three life-size models of an aboriginal Oraon family were fitted up in the gallery and finishing touches were given to them by the permanent modeller of the Museum.

Some casts of Bulandibagh boys' and girls' heads were prepared and have been kept in the Museum for sale.

The moulds of the Gangā statue of the Rajshahi Museum were arranged and retouched with a view to take casts.

9. Photographs.—The photographer, Promode Kumar Rai Chaudhury, has taken 51 negatives and prepared 239 prints, of which 146 prints were for research work, a number of these have been reproduced in the *Journal of the Bihar and Orissa Research Society*. About 50 negatives of Archaeological finds in Central India were presented to the Museum by the President. The photographer accompanied the Curator on his tour to Sambalpur, Puri and Calcutta.

10. Estampages.—11 (eleven) paper estampages were taken of the newly-discovered pre-historic inscriptions under the direct supervision of the Curator at Vikramkhola, district Sambalpur. Careful copies of estampages were taken, tracings were made and colour copies of some letters were made by the Curator with the help of the Museum staff. Eight of these photographs have been published by Mr. C. A. Oldham in the *Indian Antiquary* with a note by the President.

11. The Chemical Assistant.—Babu Adhar Chandra Ghosh, B.Sc., Chemical Assistant, worked in the laboratory throughout the year with the exception of one month and fourteen days when he was on leave. During the year under report he was mainly engaged in chemically cleaning the Kurkihar bronze images. He treated 142 objects, of which 141 objects are bronze images from Kurkihar and one is of stone. By order of the President he went to Rajgir to procure bricks. He arranged the Art Section.

He also supervised the exhibition of select specimens which were sent to the Industrial Exhibition held on the maidan in the month of March last.

The Chemical Assistant has given satisfaction by his work in the laboratory and in the Museum.

12. Modeller's work.—Babu Shyamapada Misra worked at the models of the Orison and gave finishing touch to the group. He worked at the Gangā statue. His work has been satisfactory.

13. Geology.—There has been no addition of any geological specimen during the year under report. The objects in the gallery were partially re-arranged.

14. Art.—About 153 exhibits have been added to the Art Section of the Museum. They have been noticed above in detail.

15. Old Arms and War Trophies.—There has been no addition to this section. The objects were re-arranged after cleaning.

16. Natural History.—A stuffed lemur has been purchased and added to this section.

17. Miscellaneous objects.—Some 112 objects were added to this section. They consist of some clay models presented by Raj Kumari Devi, of Kanyā Pathśala, Bankipur. Models of fruits, etc. from Krishnagar, Nadia, have been purchased locally.

31 Tibetan ritualistic and other interesting objects were obtained as conditional gifts from Tripiṭakāchāryya Rev. Rāhula Sankrityāyana and are included in this section.

18. Library.—Apart from the Gazettes and reports the total number of books and pamphlets added to the Library during the year under report were 25. The total number of books in the catalogue is now 794.

19. Finance.—As will be seen from Appendix B, the receipts and expenditure during the year amounted to Rs. 125 and Rs. 22,316-8-0 respectively. The actual expenditure of the Museum was thus Rs. 22,191-8-0.

20. Tours.—During the year under report the Curator was on tour for 49 days. He went to Gaya, Monghyr, Girindola, Sambalpur, Jharsaguda, Puri and Calcutta. He was accompanied by the Modeller and the Photographer during his tours to the above places except Monghyr.

21. Curator's work.—The Curator has worked at various sections and in the general administration of the Museum. His work on the whole has given satisfaction to the Museum authorities. He showed great skill and perseverance in taking copies of the Vikramkhola record which is partially painted and mostly inscribed in running lines. The locality is unhealthy, the Curator and his whole staff were attacked there with malaria. The inscription has affinity with the writing discovered at Mahenjo-Daro and is probably the most important inscription of the province. It has now become available to

scholars in estampages, drawings and photographs at the Museum. Mr. N. Senapati, Deputy Commissioner of Sambalpur, rendered great help to the Curator on the spot.

22. Gifts.—The Committee place on record their appreciation of the interest taken by the donors, both private and official, whose list is given in Appendix K.

23. Building.—The Committee also desire to place on record appreciation of the cordial co-operation of the officers of the Public Works Department in all matters requiring their assistance.

K. P. JAYASWAL,

President,

Managing Committee, Patna Museum.

The 21st November 1933.

APPENDIX A.

Report of the Coin Committee.

1. Rai Sahib Manoranjan Ghosh (the Curator) acted as Secretary to the Coin Committee during the year under report.

The Government of Bihar and Orissa in the Revenue Department in their Resolution no. 12814—IIIT-7-R., dated the 19th November 1932, reconstituted the Managing Committee of the Bihar and Orissa Coin Cabinet.

Rai Sahib Manoranjan Ghosh, M.A., resigned his membership and Secretaryship of the Coin Cabinet on the 16th February 1933 according to the terms of the above resolution. He was reappointed a member and Secretary of the Coin Cabinet for a term of four years by Government letter no. 2985—IIIT-14-33-R., dated the 25th March 1933.

He was allowed to remain in charge of the Coin Cabinet during the period of his resignation by order of the President, Bihar and Orissa Coin Cabinet.

Khan Bahadur Maulavi Zafar Hussain, B.A., Deputy Director-General of Archæology in India, who was a co-opted member of the Coin Cabinet, tendered his resignation on the 20th February 1933.

In his place Professor S. H. Hodivala, M.A., Secretary, Numismatic Society of India, was appointed a co-opted member for a term of four years with effect from the 28th April 1933.

The Managing Committee of the Coin Cabinet met once during the year under report and disposed off all current business of the Coin Cabinet.

2. Rai Sahib Manoranjan Ghosh, M.A., also acted as Treasure Trove Officer. Identification and distribution of Treasure Trove coins were carried on by him.

The Purnea hoard, Kharsota hoard, Hazaribagh hoard and Cuttack hoard were studied during the year under report. They have been distributed subsequently.

3. The number of the coins in the Coin Register at the close of the last year was 8,454. (In the report of the last year the last number was shewn as 8,455 which was a mistake.) Since then 159 coins were added; of which 23 coins were obtained from other Governments as Treasure Trove; 21 coins were received from the Government of Bihar and Orissa, 91 were presented and 19 were purchased. Of these 159 coins, 1 coin was of gold, 70 coins were of silver, 10 coins of billon and 78 coins of copper.

4. Detailed notices of coins added to the Coin Cabinet are given below :—

(1) (a) From the Government of the United Provinces were received one Srinagar rupee of 39th regnal year, one silver coin of Shah Jahan of 1045 Hijri year, one silver coin of Banya (?) Devi of 23rd regnal year and one silver coin of Jankoji of 23rd regnal year, one silver coin of Shah Alam II of 49 regnal year, one billon coin of Feroz III of 778 Hijri year, one billon coin of Ibrahim Shah Suri of 824 A. H., one billon coin of Bhoja Deva I of Kanauj, and two silver coins of the Kings of Ohind.

(b) From the Government of Bengal were received 7 silver coins of Shah Alam II of Murshidabad and Arkat mints, of different Hijri and regnal years.

(c) From the Government of the Punjab were received 7 billon coins of the following rulers :—(1) Muhammad bin Muhammad Sam, (2) Altamash, (3) Jalalatu-d-din Raziya, (4) Nasiru-d-din Qubacha and (5) Saufuddin-Al-Hasan Qarlagh,

- (d) From the Government of Bihar and Orissa were received 4 copper Puri Kushan coins, 16 silver coins of Vignahapala, and one gold coin of Muhammad III bin Tughlak.
- (e) From the Government of the Central Provinces were received 4 silver coins of the following rulers :—Farukshiyar, Muhammad Shah and Shah Alam II.
- (2) (a) One silver coin of Śri Raghava was presented by Mr. K. P. Jayaswal, M.A. (Oxon.), President, Bihar and Orissa Coin Cabinet.
- (b) Tripitakāchāryya Rev. Rāhula Sankrityāyana presented 21 silver and 69 copper coins. One is a silver punchmarked coin found at Kanauj; one is a defaced copper coin of Vasudeva found at the same place. There are three defaced copper coins found at Kanauj. Rest of the copper coins from Kanauj are unclean and have not been deciphered.

From Rev. Rāhula Sankrityāyana were also received 2 silver Nepalese coins, 2 Tibetan silver coins and three Chinese coins. From him were also received 12 Tibetan copper coins.

- (3) Of the 19 coins purchased, 13 are Moghul coins, two are Pathan coins, and the rest are non-Muhammadan coins.

The Committee is thankful to Rev. Rāhula Sankrityāyana and to Mr. K. P. Jayaswal for their kind gifts.

A full descriptive list of the above coins is given in Appendix D.

We have not been able to purchase Indo-Greek, Indo-Scythian and Indo-Parthian coins of which our cabinet has got a very poor collection.

M. GHOSH,

*Secretary, Coin Committee,
Bihar and Orissa Coin Cabinet.*
